**STAR CRUISES TO INTRODUCE SUPERSTAR CAPRICORN IN THAILAND**

Star Cruises, "The First Global Cruise Line" and "The Leading Cruise Line in Asia-Pacific" is pleased to announce that **SuperStar Capricorn** will be introduced to the Thailand market when she arrives in Laem Chabang in January 2002 to replace the **SuperStar Aries** which is presently offering Gulf of Thailand Cruises.

**SuperStar Capricorn** will commence cruises on 4 January 2002 and will assume **SuperStar Aries'** itineraries until April 2002.

At 28,388-grt, **SuperStar Capricorn** has 435 cabins with a lower berth capacity for 701 passengers. Families, young adults, honeymooners, teenagers and children will find **SuperStar Capricorn** an ideal ship given her facilities which include two swimming pools, five food and beverage outlets, a show lounge, a karaoke lounge with seven private rooms, basketball court, fitness centre complete with gymnasium, reading and library rooms and many more. Passengers can expect the same level of service and standards from Star Cruises onboard the **SuperStar Capricorn**.

**SuperStar Capricorn** will be the seventh Star Cruises ship to call in Thailand to date. The others were *Star Pisces*, *Star Aquarius*, *SuperStar Leo*, *SuperStar Virgo*, *SuperStar Gemini* and *SuperStar Aries*. In Laem Chabang in particular, **SuperStar Capricorn** is the fourth ship after *Star Aquarius* and *SuperStar Leo* en route to Hong Kong, and *SuperStar Aries*.

"**SuperStar Capricorn** is an elegant ship that will appeal to the Thailand market. The deployment of **SuperStar Capricorn** to Laem Chabang underlines our commitment to developing the cruise market of Thailand," said Mr. Chong Chee Tut, Star Cruises' Chief Operating Officer.

The arrival of **SuperStar Capricorn** in Thailand is also timely with the imminent opening of the Star Cruises Laem Chabang Terminal in early 2002. Passengers will get to enjoy a different ship at the new terminal facility," added Mr. Chong.

### **ABOUT STAR CRUISES**

Star Cruises is the fourth largest cruise line in the world operating a combined fleet of 20 ships with over 24,000 lower berths, with cruises to destinations and islands in Asia-Pacific, North and South America, Caribbean, Alaska, Europe, Mediterranean, Bermuda and Antarctica. By end 2002, with the one ship currently on order, Star Cruises with Norwegian Cruise Line (NCL) will have over 26,000 lower berths. Star Cruises is represented in more than 20 locations worldwide with offices in Australia, New Zealand, China, Germany, Hong Kong, India, Indonesia, Japan, Korea, Malaysia, Norway, Philippines, Singapore, Sweden, Switzerland, Taiwan, Thailand, United Kingdom and the United States of America.
