SUPERSTAR VIRGO, THE FLAGSHIP OF STAR CRUISES ASIAN FLEET, ARRIVED IN HONGKONG TODAY

Star Cruises, the world's third largest cruise operator and Asia's leading cruise liner, officially announced today the arrival of the redeployed vessel, SuperStar Virgo, the largest and most luxurious cruise ship in her Asian fleet. To commemorate this special event, Star Cruises has organized a special welcoming ceremony. Mr. Frederick Ma, JP, Secretary for Commerce and Economic Development, was invited to be the guest of honor and was accompanied by Mr. David Chua, President of Star Cruises Group to witness this historical moment.

Star Cruises has brought further variety and applause of cruising experience to customers in the region through a series of strategic fleet deployment since last June to have its vessels call at more different ports and destinations. The move of the Superstar Virgo's homeport to Hong Kong is indeed the most important act in the fleet deployment, which not only marks our support in action to the development of Hong Kong as an international cruise hub, but also realizes the commitment and endeavour of Star Cruises to Hong Kong's cruise industry, and the initiative to explore more novel and surprising experience for Hong Kong and the Greater China tourists.

Mr. David Chua, President of Star Cruises Group said, "Being a company that has been around for the past 15 years in Hong Kong and Asia, we truly believe that we are embarking on a new and exciting chapter in the Asian cruise industry. We believe that the Asia's demographics, emerging new ports and cruise terminals in cities like Xiamen, Sanya, Shanghai and the HK government tender for the Kai Tak Cruise Terminal and Singapore Marina South Cruise Terminal project, all these will contribute to the dynamic growth in Asian cruise business. These major port cities in Asia have stated their claim and all looking forward to becoming an important cruise hub."

SuperStar Virgo is deservedly the flagship of Star Cruises Asian fleet. She is equipped with a 7-storey high grand and magnificent lobby, ancient Greek style out-door swimming pool, a one thousand-seat theater, a golf driving range at the top open deck etc. The latest adding is a rock climbing facility. Star Cruises, the only international

cruise brand name originated in Asia, understands the needs of the Asian cruisers best. SuperStar Virgo is purposely-built for the Asian touch, excelling and having its edge over other same class international cruise liners in its tailor-made onboard entertainment and traditional local Asian cuisines. Customers will truly indulge in their own cruising fun. "World-class cruising, My way" is her label.

SuperStar Virgo will start a series of seasonal cruise comprising of 2-night cruise to Xiamen in China and 3-night to Sanya in China & Halong Bay in Vietnam from 2 April onwards. To match Star Cruises' developing plan of cross-strait cruise, there will also be four special cruises to Keelung, Taiwan in April, June, July and September.

~ END ~
