GENTING HONG KONG ANNOUNCES OFFICIAL OPENING OF THE LLOYD WERFT GROUP DESIGN CENTRE IN BREMERHAVEN, GERMANY

Hong Kong/Bremerhaven, Germany, 10 May 2016 – Genting Hong Kong, a leading global leisure, entertainment and hospitality company, announced the establishment of the new Lloyd Werft Group Design Centre, a major milestone for the recently formed shipyard group. Comprised of Lloyd Werft's existing shipyard in Bremerhaven and three recently acquired facilities from Nordic Yards in Wismar, Warnemunde and Stralsund, Germany, the Lloyd Werft Group will become the second largest shipyard group in Germany.

On Monday, 9 May, Genting Hong Kong and Lloyd Werft Group unveiled the plans and premises of the new Design Centre scheduled to open May 30, 2016 in Bremerhaven, Germany. Officiated by Mr. Hui Lim, Executive Director and Chief Information Officer, Genting Hong Kong, and attended by State Secretary Uwe Beckmeyer, Senator Martin Günthner, President of the City Council of Bremerhaven, Mrs. Brigitte Lückert and Lord Mayor Melf Grantz, the opening ceremony marked the first step in the Group's long term investment of about 100 million euros in the Lloyd Werft Group's four shipyards to create state-of-the-art facilities for new shipbuilding.

Together with the designers in the other three yard locations, the new Design Centre will form the nucleus for basic and detailed design of The Group's ships, with additional production design taking place in Wismar and Warnemunde.

"Being in charge of information technology for the Genting Group, I am very happy to support a world-class design center featuring the latest design software which can be coordinated and interfaced with other ship equipment suppliers to efficiently produce the full basic and detailed design of cruise ships and megayachts," said Mr. Hui Lim.

Housed in a renovated and restored heritage building first constructed in 1910, the Lloyd Werft Group Design Centre will be able to house up to 250 designers in 6000 square metres of office space. Another 1500 square metres will serve a dual purpose for the display of mock-ups for cruise ship

(formerly known as Star Cruises Limited)

As a pioneer in the Asian cruise industry, Genting Hong Kong took on the bold initiative to grow the Asia-Pacific as an international cruise destination with the founding of Star Cruises, “The Leading Cruise Line in the Asia Pacific”, in 1993. To further expand its cruise portfolio in the region, Genting Hong Kong launched Dream Cruises, the first-ever Asian luxury cruise line to cater to the premium market. Recognized as “The World’s Most Awarded Luxury Cruise Line”, Crystal Cruises extends Genting Hong Kong’s reach in the global up-scale market. The establishment of the Lloyd Werft Group in 2016 through the integration of Lloyd Werft shipyard in Bremerhaven and Nordic Yard’s three shipyards in Germany will capitalize on the growing demand for new cruise ships and realize the company’s global expansion plans for its three cruise brands.

Initiating the Group’s foray into land-based attractions, Resorts World Manila was the first integrated resort in the Philippines when it opened in 2009. A one-stop, non-stop entertainment and leisure destination, Resorts World Manila features world-class entertainment, unique events, and exciting lifestyle options throughout its extensive premises. Genting Hong Kong’s investment in iconic Singapore nightlife brand Zouk – a world-class entertainment institution and trendsetter in Asia’s dance music scene, and perennial top-ten fixture in the annual DJ Mag Top 100 Clubs global poll - further diversifies the company’s appeal to a younger and more dynamic clientele.

About The Lloyd Werft Group

Lloyd Werft was founded in 1857 and initially focused on the general ship repair business, moving into the conversion and newbuilding businesses in the 1970s.

With the newly acquired yards at the Baltic Sea in Wismar (560,000 sqm), Warnemünde (848,000 sqm) and Stralsund (343,000 sqm), the Lloyd Werft Group was formed in 2016, optimizing the strengths of each yard for design, fabrication, outfitting and final assembly using the two large covered dry docks in Wismar and Warnemünde and one ship launching lift in Stralsund.
